Hi Tim

We've talked to DWR and they are very interested in including your proposal in the BDCP. First thing we'd like to do is write a memo further explaining the approach, description of processes and outcomes, potential benefits (including reduction in flood hazards and reduction in carbon footprint through sequestration), possible adverse effects to the ecosystem (from chemical additives, reduction in DOC, decr turbidity) and research needs.

I'd like to talk to you more about this – can you let me know if you have any time this afternoon or tomorrow?

Thanks,

Erin

Here you go, Erin.

I sent you the powerpoint presentation and the more elaborate proposal we sent to EPA's Office of Research and Development.

Thanks for your interest. Tim

Hi Tim

Thanks for making time to discuss the mercury situation with me this morning. I would appreciate it if you could send me the powerpoint presentation that you mentioned.

Thanks,  
Erin
